## The Miracle of Enzymes

Enzymes are the spark of life-they run your entire body. You couldn't digest or absorb food without Enzymes, and thus you would die. Enzymes also regulate tens of thousands of other biochemical functions that take place in the body every day. Even thinking involves enzymes. Without enzymes, seeds would not sprout, fruit would not ripen, leaves would not change color, and life would not exist!

Enzymes are protein molecules that carry a vital energy factor needed for every chemical action and reaction that occurs in our bodies.

Approximately 2,700 different enzymes are found in the human body.

◆ **Organic and non organic foods are 80% + Enzyme deficient.**

These enzymes are combined with co-enzymes to form nearly one hundred thousand various chemicals that help us see, hear, feel, move, digest food, and talk. Every organ,

**“Start adding LIFE back into your food today with LiyfZymes, an essential part to raw living foods!**

**L.I.Y.F. literally means Life In Your Food!”**

**- Lou Corona**

tissue and all the one hundred trillion cells in our body depend upon the reaction of enzymes and their energy factor. Nutrition cannot be explained without describing the vital role played by enzymes.

## Why Supplement with ENZYMES

- ◆ Enzyme supplements are not destroyed by stomach acid.
- ◆ Anyone who eats cooked or processed food requires supplementation of enzymes to assist digestion.
- ◆ So far, as science has been able to discover, the only function any vitamin has, is the role it plays in supporting enzymes.
- ◆ Vitamins and minerals are co-enzymes meaning they require an enzyme to work.
- ◆ When you add digestive enzymes to your supplementation, your vitamins will work better, the ionic minerals will work better and you'll get a lot more out of the nutrients you're absorbing.
- ◆ Enzymes are more important than vitamins, minerals or any other nutrient, because they are a required catalyst for that nutrient.
- ◆ Organic and non organic foods are 80%+ Enzyme deficient.

The foods we eat today typically processed, canned, pasteurized, baked, roasted, stewed, boiled, broiled, fried, cooked, dried, burned, chemicalized, embalmed, preserved and micro-waved. All of these things kill all enzyme activity in the foods, making these foods indigestible, ready to rot and turn poisonous in your body.

## **ENZYME CONTENTS AND USES**

**Protease/Acid Stable Protease:** Converts Protein into usable amino acids.

**Amylase:** Converts Carbohydrates and starch into useable energy

**Glucoamylase:**

Converts sugars into usable energy

**Lipase:** Breaks down fats & oils

**Cellulase:** Assists in the breakdown of dietary fiber & helps detoxify cells.

**Lactase:** Helps breakdown Lactose.

**Invertase:** Breaks down sugars into useable energy.

**Maltase:** Breaks down malt sugars and grains into usable energy.

**Beta-D-Galactosidase**

Breaks down lactose.

**Alpha-D-Galactosidase:** Breaks down non-digestible poly saccharides.

**Phytase:** Breaks down phytic acid in grains & seeds.

**Serratia peptidase:**

Breaks down of arterial plaque.

**Papain** Proteolytic enzyme for inflammation reduction.

**Bromelain:**

Breaks down protein & aids in digestion

**Super Oxidised Dismutases:** Antioxidant that protects cells from toxicity.

**PuraDyme Cofactor Whole Food Blend:**

Quinoa Sprouts, Fennel Seed, Rose Hips, Orange, Broccoli, Bell Pepper, Carrot Juice.

**Directions:** Take 2-4 capsules with each meal for maximum benefits, or as directed by a healthcare professional.

## LiyfZyme - Super Digestive Enzymes

LiyfZyme's are full spectrum, plant-based, super digestive enzymes, including sulfite-free papain. Using 16 different powerful enzymes this formula contains not only the highest enzyme activities but has been specially designed with the best ratios to meet today's varying diets!

Excellent for using with cooked foods and raw foods which are both enzyme deficient.

Enzymes are the vital workers necessary for optimal digestion, they are responsible for the breakdown and absorption of all nutrients, and are the body's key communicators.

Using all natural whole food enzyme cofactors, LiyfZyme is able to create a soothing effect even for those who have extreme heartburn or indigestion.

This makes this all-natural, non-synthetic Super Digestive Supplement the perfect choice for everyone!

"Enzymes are my secret weapon against disease and aging, something I will never be without. If you do only one thing, try adding enzymes to your lifestyle!"

— Lou Corona

Supplement Facts		
Serving Size: 2 capsules		
Servings Per Container: 90		
Ingredients	Amount Per Serving	%DV
Protease	25,000 HUT	†
Acid Stable Protease	80 SAPU	†
Amylase	15,000 DU	†
Glucoamylase	10 AGU	†
Lipase	2,400 FIP	†
Maltase	1,000 DU	†
Lactase	1,000 LacU	†
Cellulase	500 CU	†
Invertase	500 IAU	†
Beta-D-Galactosidase	165 agsU	†
Alpha-D-Galactosidase	1,500 alu	†
Phytase	10 PU	†
SOD (as Catalase)	100 Baker U	†
Serratia Peptidase	40 U	†
Papain	100,000 U	†
Bromelain	80 GDU	†
<b>PuraDyme Cofactor Whole Food Blend: 200 mg</b>		
<i>Quinoa Sprouts, Fennel Seed, Rose Hips, Orange, Broccoli, Bell Pepper, Carrot Juice.</i>		
Daily value has not been established †		

Other Ingredients: Quinoa Sprouts, Vegetable Cellulose (Capsule)
